Webinar

Polymers and REACH

26th June 2012

2pm – 3pm

Chemical Hazards Communication Society, PO Box 222, Lymington, SO42 7GY
Telephone: 0844 636 2427 Fax: 0844 636 2428

This webinar will enable you to identify your duties as a producer, importer or supplier of polymers under REACH. Most importantly the webinar will focus on the derogations that apply to polymers with a view to developing robust justification where exemption is claimed. The programme will cover:

- Review of how we got to where we are (EU Regulations)
- Polymers, naturally occurring polymers and no longer polymers
- Polymer exemptions
 - Registration
 - SDSs & Communication
- Polymeric articles (plastics)
- What & when you must register
- Examples & further guidance

The Webinar will be presented by Dr Ross Fielding of Risk Control Services Ltd. Ross has many years of practical experience of REACH gained in a range of chemical process industries.

This Webinar will be valuable to all those involved with producing and supplying polymers and plastics who seek to ensure that their REACH obligations are not only identified but also fulfilled and minimised.

Participation is restricted to CHCS members only at a price of £40.00 + VAT.
